

Immersive Technologies' United States Office Expand With New Facility and Staff

*Salt Lake City, October 04, 2004
For Immediate Release*

Continued sales demand in the Americas region has required Immersive Technologies' US office to move into a newer and much larger facility. The new facility will not only house additional customer support and sales personnel but will also be the central warehouse for parts and simulators for the North and South American Region.

New offices in Salt Lake City

Skip Sullivan, the VP of sales and marketing for the Americas region explains "The move into this new facility is very timely as Immersive Technologies is presently recruiting for more sale and customer support personnel required to meet our customer's needs. It will also allow us to stock more inventory decreasing delivery times. Customers are most welcome to visit us and spend time reviewing demonstration products from Immersive Technologies extensive product line".

"Immersive Technologies is committed to supporting its customers for the long term and this growth in capability certainly reflects this", Skip Sullivan.

**The new office is located:
9418 South 670 West
Sandy, Utah 84070
United States of America**
